VISION

Global canvass, local colours—that is what we, at Glocal, simply believe in. It is the prism that refracts all our endeavors—whether it is our architecture, curriculum design, pedagogy, hostel life, laboratories, café or the library. In short, we simply celebrate the liminal space where the 'global' meets the 'local'. We are traditional, yet we are not. We are modern, yet we are not really so. We understand the hybrid nature of the global workplace and that is why no binaries constrain us. To flourish in the world today, one cannot afford substantive and rigid visions of the good life. One has to appreciate the negotiated nature of the contemporary. That is why we emphasize reflexivity, flexibility, diversity and accommodation as key values. While that is the ethos of critical engagement, we aspire to craft, we are equally keen to develop top quality professionals for our customers: the corporate, public sector and the academia.

MISSION

At the Glocal University, we are committed to producing top-notch professionals who have a zeal for perpetual learning and are capable of performing well in diverse professional and cultural settings. While we provide the students with all the tools required to successfully take on the world, we also endeavor to instill in them a healthy cultural rootedness that combines the best of traditional values with modern and progressive sensibilities.

PRO-VICE-CHANCELLOR
GLOCAL UNIVERSITY**

PROF. (DR.) P. K. BHARTI

I truly agree with the saying that you are what you think. You all have taken a wise decision to join this University. We can jointly take this University to greater heights. I don't have any doubts in my mind that this University's achievement over a short period is because of a meticulous and deliberate strategy that was put in place by the great visionary of our Founder Chancellor who has built a number of state-of-art educational institutions with the prime objective of imparting quality education.

Personally, I am also a firm believer that the Future of Our Nation lies in education. It is our foremost duty to groom the youth and channelize their energy for the nation's growth. The path of this University is the outcome of careful planning and meticulous execution. It is definite to reach higher levels of teaching, learning, research, innovation, incubation, and entrepreneurship.

This stride to churn the youths to a valuable citizen is our societal connection and commitment. My personal experience to lead from the front and to live by setting up a personal example brought many laurels and national awards including gallantry awards from the President of India. I am confident that we will make rapid strides through our collective efforts.

Credit Transfer Eligibility Criteria's

Credit transfer eligibility refers to the criteria and conditions that determine whether previously earned academic credits from one institution / University can be transferred and applied towards a program of study at another institution/university. These criteria can vary widely depending on the policies of the receiving institution, the program of study, and the accreditation standards governing the institutions involved. Here are some common factors that determine credit transfer eligibility:

- ✓ Grade Requirement
- ✓ Program Compatibility
- ✓ Accreditation
- ✓ Credit Hours
- ✓ Transfer Policies
- ✓ Official Transcripts and other verticals.

Mode of Study

Eduwing Education provides credit transfer programs in a **regular** mode of study. In this mode, students are required to attend exams and follow traditional pen-and-paper written examination formats. This approach allows students to transfer credits from previous educational experiences while still participating in the established examination processes. For comprehensive information about credit transfer programs and their specific requirements, it's recommended to contact the institution.

Credit Transfer Course duration

The duration of credit transfer courses varies based on the number of credits transferred from previous educational experiences. The specific course duration for credit transfer students can be determined after the institution assesses the credits earned by the student and aligns them with the program's requirements. For precise information about course durations and requirements, it's recommended to provide your qualification documents to Eduwing Education for assessment.

The Glocal University Accreditation & Recognition

Accreditation and recognition play a crucial role in ensuring the quality and legitimacy of an educational institution's programs.

University Grants Commission (UGC): The Glocal University is recognized by UGC, the apex body responsible for maintaining the standards and quality of higher education in India.

National Board of Accreditation (NBA): Our programs have been accredited by NBA, a prominent organization that evaluates and recognizes engineering programs for their quality and effectiveness.

Section 12(B) Recognition

Elevating Educational Excellence – The Glocal University takes pride in being granted the prestigious Section 12(B) recognition by the University Grants Commission (UGC). This recognition signifies our institution's autonomy and the trust bestowed upon us to design and deliver quality education.

NIRF- National Institutional Ranking Framework

The NIRF ranking assesses institutions based on five key parameters:

- ✓ Teaching, Learning, and Resources
- ✓ Research and Professional Practice
- ✓ Graduation Outcomes
- ✓ Outreach and Inclusivity
- ✓ Perception

The Framework uses several parameters for ranking purposes like resources, research, and stakeholder perception.

AICTE – All India Council for Technical Education (AICTE)

The All-India Council for Technical Education (AICTE) is a statutory body, and a national-level council for technical education, under the Department of Higher Education. Established in November 1945 first as an advisory body and later on in 1987 given statutory status by an Act of Parliament, AICTE is responsible for proper planning and coordinated development of the technical education and management education system in India.

NOTE: –As per the law, Universities do not require AICTE approval for conducting Technical Programs. Only technical institutions which are affiliated to universities require approval

Admission process for Credit Transfer Programs

The admission process for credit transfer programs typically involves the following steps:

01 Application:

Submit an application to us where you wish to continue your studies through credit transfer. This will involve an application form.

02 Document Submission:

Provide relevant documents, including academic transcripts and other records of completed coursework.

03 Credit Evaluation:

We evaluate your transcripts and course content to determine which credits are eligible for transfer. This involves comparing the content of your completed courses to the requirements of the program at the new institution.

04 Credit Transfer Decision:

We will inform you about the number of credits that can be transferred and which courses you may need to retake.

05 Registration:

Complete the registration process, which may include submitting additional documents, paying fees, and selecting courses for the upcoming semester.

06 Acceptance:

Once the credit transfer decision is made, you'll receive a welcome letter offer. This offer may include details about the program, fees, and any conditions.

Introducing Payment Flexibility at Eduwing: Your Path to Success

At Eduwing, we understand that pursuing education is a significant investment in your future.
